In a sentence or two, describe the operational impact that Qlik GeoAnalytics has had or is expected to have on your organization and it's geo-related initiatives or projects.

“ The impact will be very large because we currently do not have any tool like Qlik GeoAnalytics that includes this type of analysis in the logistics sector of the company.

Would you recommend Qlik GeoAnalytics?

“ Yes, because it is a powerful analysis tool and helps us make strategic decisions in the company's logistics sector.
