Please describe how the Qlik Education training programs helped you be more successful in your job role.

“ There was one which delved into topics on marketing the brand, engaging folks with a consistent layout and color scheme to keep them focused and inspired on the dynamic dashboards. It was an interesting topic. I have no marketing or artistic background but the class inspired me to use a schema that engages the end-users senses.

Please describe what you found the most valuable about Qlik Education compared to other software training.

“ The range of topics and insights on what works versus what works best has helped me become a better developer and designer.
