Please describe how the Qlik Education training programs helped you be more successful in your job role.

> " I had no prior Qlik training so it was helpful to see how the application could be applied to various problems to give valuable insight. It inspired me for similar applications relevant to my business which has more niche demands.

Please describe what you found the most valuable about Qlik Education compared to other software training.

> " Classroom practical sessions allowed me to apply what I'd learned and see what I was capable of creating. The delivery was more captivating by focusing more on examples and exercises than talking through features.
