Please describe how the Qlik Education training programs helped you be more successful in your job role.

❝ I learned quite a few neat tricks to get complicated things done. One of the things was to learn various tricks related to set expressions. The best practices part also helped my organization to build better apps.

Please describe what you found the most valuable about Qlik Education compared to other software training.

❝ The quality of the training content and the instructor's depth of knowledge on topics and how to get things done practically. The practical aspect is what many software training classes miss.
