Please describe how the Qlik Education training programs helped you be more successful in your job role.

“ I was hired with the intention of making me the primary Qlik admin, so it was necessary and useful for me to take virtual classes and use Qlik Continuous Classroom. I learned what I needed in order to develop the required apps for my company.

Please describe what you found the most valuable about Qlik Education compared to other software training.

“ I loved the convenience of Qlik Continuous Classroom combined with a small virtual class where I could ask questions and interact with other students.
