

A Senior Information Security Analyst at Titan Trust Bank would be very likely to recommend Rapid7 InsightIDR for this reason:

“ InsightIDR is an all-encompassing security operations solution. It falls in the top 1% of all security solutions I have ever used. I have enjoyed using the Rapid7 ecosystem in the last 10 months. In fact, I have recommended it to the CISO of another bank and they are in talks with a local vendor on setting up a POC.
