Impact & outcomes

The surveyed company achieved the following results with Scopus:

- Said Scopus has done the following:
 - Helped them identify an author / expert that led to a successful partnership or advanced discovery and development
- User anecdote sharing a situation, problem or project, where they benefited from Scopus:
**while completing several searches we made up a list of persons that looked like experts in a specific field. After showing the list to one of the foreign experts we found out that among the persons found with the help of Scopus was the one we were really interested in.

About Scopus

Scopus is a multidisciplinary source-neutral abstract and citation database built on enriched and linked research data and content. It helps users quickly access reliable data, metrics, and analytical tools to find relevant and trusted research, identify key contributors, benchmark competition, and inform an R&D strategy.
