

Government of Luxembourg

Introduction

This case study of a national government department is based on a July 2018 survey of SolarWinds Government customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

Challenges

The business challenges that led the profiled company to evaluate and ultimately select SolarWinds Government:

- IT challenges their agency faced prior to implementing SolarWinds' products:
 - Lack of visibility into the problems leading to network performance or capacity issues
 - Not having the tools to troubleshoot network problems or outages
 - Lack of visibility into system/server health

Use Case

The key features and functionalities of SolarWinds Government that the surveyed company uses:

- Regular user in the following SolarWind product areas:
 - Network Management
 - Systems, Application, Server, and Storage Monitoring
- Uses SolarWinds' products across multiple departments/locations, but not whole agency
- Agency use cases for leveraging SolarWinds' products:
 - To monitor network performance
 - To troubleshoot network problems or outages
 - To monitor system/server health
 - To monitor application and database health
- Favorite SolarWinds products are:
 - Network Performance Monitor
 - Server & Application Monitor
 - Network Topology Mapper

Results

The surveyed company achieved the following results with SolarWinds Government:

- Saw the following results after using SolarWinds products:
 - Can correlate network, server, and application issues to resolve performance problems
 - Improved system and application monitoring and troubleshooting
 - Can provide better service levels to the agency
 - Increased productivity of IT staff
- Purchased their SolarWinds' products because of:
 - Ease of use
 - Cost-effectiveness

Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size:
Medium Enterprise
