

# Department of Justice Case Study

## Introduction

This case study of a federal government is based on a July 2018 survey of SolarWinds Government customers by TechValidate, a 3rd-party research service. The profiled organization asked to have their name blinded to protect their confidentiality.

“SAM is a great product that provides a ton of functionality, across OSs and applications, and SAM provides scripting functionality that can be used on esxi servers and network devices.”

## Challenges

The business challenges that led the profiled organization to evaluate and ultimately select SolarWinds Government:

- IT challenges their agency faced prior to implementing SolarWinds products:
  - Lack of visibility into the problems leading to network performance or capacity issues
  - Lack of visibility into system/server health
  - Lack of visibility into application or database performance

## Use Case

The key features and functionalities of SolarWinds Government that the surveyed organization uses:

- Regular user in the following SolarWinds product areas:
  - Network Management
  - Systems, Application, Server, and Storage Monitoring
- Uses SolarWinds products across multiple departments / locations, but not whole agency
- Agency use cases for leveraging SolarWinds products:
  - To monitor network performance
  - To troubleshoot network problems or outages
  - To resolve configuration issues
  - To monitor system/server health
  - To monitor application and database health

## Results

The surveyed organization achieved the following results with SolarWinds Government:

- Results they were able to produce using SolarWinds products:
  - Correlate network, server, and application issues to resolve performance problems
  - Improve configuration management
  - Improve system and application monitoring and troubleshooting
  - Provide better service levels to the agency
  - Improve log tracking and management
- Favorite SolarWinds products:
  - Server & Application Monitor
  - User Device Tracker
- Realized a return on investment payback period of 4-6 months with SolarWinds products
- Purchased their SolarWinds products because of:
  - Ease of use
  - Cost effectiveness
  - Multi-vendor support
  - Integration with other SolarWinds products
  - Scalability / ability to support our growth
  - Extensibility and customizability

### Organization Profile

The organization featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Organization Size:  
**Federal**

Industry:  
**Government**

### About SolarWinds Government

SolarWinds delivers powerful, affordable, and easy-to-use IT solutions to US Federal and other Government agencies to monitor and manage networks and systems, streamline support operations, and ensure security and compliance.
