

# Half of Companies in Asia Saw a Minimum 80% Improvement in their Ability to Troubleshoot with SolarWinds

After deploying SolarWinds, I am now able to identify and troubleshoot application performance issues:

Source: TechValidate survey of 135 users of SolarWinds monitoring software. Sample comprised of customers located in Brunei Darussalam, Cambodia, China, Hong Kong, India, Indonesia, Macao, Malaysia, Mongolia, Pakistan, Philippines, Singapore, Taiwan, Thailand, and Viet Nam.
