

## VXI Global Solutions Tracks Anomalies in Real-Time With Log & Event Manager

“Log & Event Manager has allowed me to track anomalies within my network environment.”

VXI Global Solutions rates Log & Event Manager 8/10, because: “SolarWinds [Log & Event Manager] is able to provide an accurate depiction of [the] network environment and the learning curve isn’t too steep.”

### Challenges

VXI Global Solutions considers **network security** as the most critical security area to their organization.

VXI Global Solutions meets HIPAA compliance requirements with SolarWinds **Log & Event Manager**.

### Use Case

- According to VXI Global Solutions, the three most critical features that will help detect and respond to threats are:
  - Centralized real-time event detection, correlation & notifications
  - Single pane of glass across performance monitoring and security tools
  - Anomaly detection

### Results

After deploying Log & Event Manager, VXI Global Solutions:

- Detects **51 – 100** security incidents every month.
- Feels more prepared to deal with security and compliance issues.
- Their favorite feature is **compliance reporting**.
