4.5/5 Stars

Please describe which feature of SolarWinds SAM has been most useful to you and how.

" The AppInsight™ monitors are awesome. They provide a level of detail I have not seen from any other monitoring product. Monitoring template creation and customization is very versatile and easy to use. SAM ties in with all of the other SolarWinds Orion® products which makes monitoring and troubleshooting much easier.

What would you say to recommend SolarWinds SAM to someone who is considering purchasing an application and server monitoring solution?

" SolarWinds Server & Application Monitor easily out-performs other monitoring solutions in this space. The level of detailed monitoring you get out of the box is amazing. The product is consistently updated with new features that the customers ask for.
