

SolarWinds SAM – A Better Application Monitoring Tool Than Zenoss, Zabbix & Check_MK

A Systems Administrator of a S&P 500 computer software company is very likely to recommend SolarWinds Server & Application Monitor for the following reason:

“ I have used several monitoring solutions in the past, namely Zenoss, Zabbix, and Check_MK. None of them have come close to what SolarWinds Server & Application Monitor can provide for monitoring. SolarWinds Server & Application Monitor is easy to use, intuitive, and constantly updated with new features.
