Describe your experience working with your SurePrep Account Manager.

“ Jerica Hernandez has been an outstanding, attentive and amazing account manager.

What would you say about the support you received from your SurePrep Account Manager if recommending SurePrep to another firm?

“ I have used SurePrep in two different companies in the last 7 years. The account managers I have had have all been amazing, friendly, knowledgeable and above all, willing to help guide companies on how to better utilize the various applications provided by SurePrep. I have 20+ years of tax experience and have worked with numerous tax vendors throughout my career. Hands down, SurePrep has been the best vendor I have ever worked with.
