

Rating The Skills Connection

5/5 Stars

How our organization uses The Skills Connection:

The Skills Connection supports us through the whole Magic Quadrant (MQ) process; identifying the key messages, selecting and briefing our reference customers and preparing the vendor briefing.

Would you recommend The Skills Connection?

Definitely, because I think that working with The Skills Connection was essential for us to gain a better understanding of the MQ process and to be able to manage it effectively. It also helped us to better communicate the value our solutions provide to prospects and customers.
