

Rating The Skills Connection

4.5/5 Stars

How our organization uses The Skills Connection:

We use the Skills Connection as an extension to our own analyst relations (AR) team and to provide the knowledge, objectivity and consistency we could well lack if we relied solely on our own in-house resources.

Would you recommend The Skills Connection?

Absolutely, because they have helped us get far better and more consistent results with our AR program and clearly have the skills in abundance to do that for other organizations looking to achieve the same.
