

# Medium Enterprise Banking Company

## Introduction

This case study of a medium enterprise banking company is based on a February 2021 survey of Tripwire ExpertOps customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

“ExpertOps is a nice and reliable service. [Our Tripwire representative] is always reachable.”

## Challenges

The business challenges that led the profiled company to evaluate and ultimately select Tripwire ExpertOps:

- To better managing cyber risk
- To optimize security operations

## Use Case

They leverage Tripwire ExpertOps for the following:

- File Integrity Monitoring (FIM)

## Results

The surveyed company achieved the following results with Tripwire ExpertOps:

- Freed up resources to focus on key security and/or compliance issues

Tripwire ExpertOps helped the survey company:

- Address critical security issues
- Address compliance needs
- Reduce time and effort to prepare for audits by approximately 25-50%

### Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.
